

Ensure you enjoy your wedding day

1. **Hire a wedding planner:** A qualified & experienced planner will save you money in fact they should save you're their fees! Wonderful to have a confident as you deal with the enormous task of organizing a wedding. Hiring a bridal professional, will ensure you have a stress free wedding day safe in the knowledge your planner will oversee the smooth running of the day.
2. **Be careful with alcohol:** to ensure you don't miss any second of the day.
3. **Take flats shoes for the reception:** from walking in heels for the entire day your feet may ache, so be prepared & take others more comfortable shoes particularly for the dancing.
4. **Provide the DJ with your list of preferred songs:** so he has an idea of your music tastes & while a good DJ reads the floor so may not get to play all your favourites he will play some.
5. **Limit your activities on the morning of your wedding:** Have a relaxing morning so you appear unfazed and relaxed for your wedding day.
6. **Ensure to eat something:** before the ceremony and stay hydrated during the day... And drinking water helps you to glow!
