

Top 6 Tips to have a Memorable Multicultural Wedding

Brides and Grooms from two different cultural backgrounds lovely to engage both of your cultures on your Wedding Day. On our BLOG today we give you our Top 6 Tips to have a Memorable Multicultural Wedding.

1. Perfect planning for your Multicultural Wedding Day

Planning a wedding that's reflective of two different cultural backgrounds can be tricky so best plan well in advance and stay organized. We highly recommend that you engage a wedding planner to ensure that your desires will become reality and that everything will happen as you envisioned on your big day. It will free you from a lot of pressure and you will truly enjoy your big day while your wedding planner ensures things run smoothly.

2. Personalize your civil Wedding Ceremony

If you are having a non church wedding ceremony you can include elements from both of your cultures, whether it is religious or ethnic elements. For instance if one of you has Irish origins you can include hand fasting in your Wedding Ceremony. But do make sure not to incorporate too much different rituals in your Wedding Ceremony or you would risk losing your guests' attention.

3. Include objects from your cultures in your Wedding Day

If you want to have a classic wedding without including cultural elements which have a big impact you can simply have objects to remind your origins. One way to do so is to choose table names in accordance with your backgrounds. For example if your family is Italian you could name them after famous Italian cities. You can also choose to incorporate some touches of your mother's country like a bridal bouquet brooch.

4. Get inventive with the food for your Wedding Reception

Food is a great way to discover a culture, take advantage of it! Fusion cuisine is a wonderful way to blend cultures. Make a cutting-edge gourmet statement by demonstrating how wonderful together two cultures are by having Indian tasting sushi on your menu. You can also have one theme for your menu or for a part of it. For instance, Irish Lamb for main course & French pastries in your dessert station or a macaroons wedding cake which your guests will relish.

5. Play various styles of music at your Wedding Party

Another excellent way to unveil your cultures to your guests is to choose music from both your native country's. You can decide to simply have your band playing some songs you like or to perhaps have a traditional dance demonstration. Be sure you will share a fun time with them while dancing Irish Ceili, Greek Syrtaki or Spanish Salsa!

6. Never forget to communicate!

Our last but not least top tip for your Memorable Multicultural Wedding: always keep in mind to communicate. Both families' histories will be represented at your wedding and communicate with your family and your soon-to-be family will help prevent misunderstandings. When it comes to your guests explain to them the origins of the rituals or traditions you include in your wedding by some lines on your ceremony program for instance.
